

PHILIP MORRIS INCORPORATED

LAW DEPARTMENT MEMORANDUM

RICHMOND, VIRGINIA

TO: R. de la Burde and P. Aument      DATE: 12 June 1978  
FROM: G. Inskeep  
SUBJECT: PROCESS FOR EXPANDING...TOBACCO/Helf. 582-797 USSR/PM 620

I think the confusion about pressure in Claim 3 is that we are talking gauge pressure and they are talking absolute. Unless I am mistaken,  $0.703 \text{ kg/cm}^2$  is about  $2/3$  atmosphere, and we cannot be limited to that absolute pressure. Do you agree? Claims 1 and 2 probably protect us however.
